Criterion	**4**	Infrastructure & Learning Resources
Metric No.	**4.3.1**	Institution Frequently Updates its IT Facilities and provides Sufficient Bandwidth for Internet connection

With the increasing demand for internet access due to evolving standard of education and flexibility offered by the Internet, educational institutes are keenly stepping forward to setup secured and stable wired or Wi-Fi network campus for their students.

The institute has Airtel 100 Mbps leased line and Wi-Fi facility in campus. Institute has a 24X7 Wi-Fi facility in the college library for the student and faculty members to avail internet connection. The connectivity through a fully networked campus with state-of-the-art IT infrastructure, computing & communication resources, offers students the facilities of e-mail, net surfing, up/down loading of web based application, besides helping them in preparing projects & seminars.

Also, using Mikrotik firewall to prevent illegal access of internet. It offers complete visibility on which applications are being accessed within the organization and by which user irrespective of their ports and protocols. This stops sophisticated application-layer threats right at the network perimeter, ensuring Application Security.

The augmentation of IT infrastructure is a regular process to meet the requirements of the curriculum and student strength. Accordingly, following is the list of upgradation of internet and Wi-Fi facilities during the last five years:

Academic Year 2017 -18:

25Mbps leased line AirTel Internet connection was provided by Microline Green Pvt. Ltd. in the campus for 200 systems.

At MBA campus, 10Mbps leased line BSNL Internet connection was provided by Vision Computer for 70 systems.

Academic Year 2018-19:
