Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC (NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_0 + (S_1 - S_0) \frac{(M - M_2)}{(M_1 - M_2)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_0 is the qualifying marks for general category candidate in the paper

M_1 is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_0 = 350$, is the score assigned to M_0

$S_1 = 900$, is the score assigned to M_1

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session M_{ij} was computed using the formula

$$M_{ij} = \frac{M_{ij}^a - M_0^a}{M_{ij}^m - M_0^a} (M_{ij} - M_{i0}) + M_0^a$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

M_0^a is the average marks of the top 0.1% of the candidates considering all sessions

M_{ij}^m is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

M_{i0} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{i0}^a is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organized by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institute may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC/NCL and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \bar{M}_{ij} was computed using the formula

$$\bar{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{it} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{it} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,
M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard
M_q is the qualifying marks for general category candidate in the paper
 \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
S_q = 350, is the score assigned to **M_q**
S_t = 900, is the score assigned to **\bar{M}_t**

In the GATE 2021 score formula, **M_q** is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Dear Akhila Sreedhar,

Congratulations on your selection to the 8th batch of the Young India Fellowship (YIF) and your acceptance of our offer to join the Class of 2019. You are joining a distinctive group of young individuals whom we are proud to groom for significant leadership roles in our country and across the world.

I believe that the YIF will help you evolve as one of India's young leaders through an exciting year-long immersion in a world-class learning environment. The Fellowship is a postgraduate diploma programme in Liberal Studies at Ashoka University. It offers you exposure to a diverse set of skills and perspective-building liberal arts courses along with hands-on learning through a range of Experiential Learning Module (ELM) projects to help you develop your leadership and entrepreneurial potential. At the conclusion of the programme you will be awarded a postgraduate diploma in Liberal Studies. You also have the option to apply for an additional year of study and pursue a postgraduate Master of Arts degree in Liberal Studies.

Ashoka University has forged partnerships with some of the world's top institutions such as University of Pennsylvania, University of Michigan, Carleton College, King's College London, University of California Berkeley, Yale University, Trinity College Dublin, Sciences Po. This has given the learning experience we offer greater diversity, depth and value. The programme is delivered by some of the most inspiring and accomplished faculty members from around the globe, as well as by outstanding professionals who are considered experts in their fields.

As you are aware, the YIF is housed in the Ashoka University campus at Sonapat, Haryana. The aesthetically designed campus and state-of-the-art infrastructure provide a perfect environment for learning.

We have an exciting year ahead for you, beginning with an Orientation Week starting on July 12th, 2018, where you will get the opportunity to interact with your classmates and other stakeholders. As you go through the rest of the year, we believe you will get a chance to discover new facets of yourself, understand your personal values and strengths, and give shape to your aspirations.

I look forward to interacting with you over the course of the year. Our admissions office will be in touch with you shortly regarding further course of action.

Dear G.r,

Congratulations! We are pleased to inform you that you have been selected for admission to the two-year full-time MBA Program at FLAME University for the academic year commencing in July 2018. The competition this year was stiff and we chose from a remarkable group of students. Within this group, your academic and personal achievements stood out. We expect you to thrive as a student here at FLAME University, and we extend our warmest welcome to you.

To confirm this offer of admission, please submit the Admission Offer Acceptance Form and an enrollment deposit of INR Rs. 1,00,000/- by March 28, 2018. The Admission Offer Acceptance Form and the instructions for making the payment are attached in Annexure II and Annexure III respectively. Admission Offer Acceptance Forms and enrollment deposits received after March 28, 2018 will not be processed and your offer for admission will stand annulled. After submission, if for some reason, you would like to withdraw your admission, your enrollment deposit will be refunded after deducting INR Rs. 5,000/-, provided such a request is received on admission@flame.edu.in before April 11, 2018.

If you do not wish to accept the admission offer, please submit the Admission Offer Non-Acceptance Form, which is attached in Annexure IV, by March 28, 2018.

This offer of admission is contingent upon meeting the educational eligibility criteria as outlined in Annexure I. You must satisfy the minimum qualification for admission stated in Annexure I on or before August 31, 2018. Failure to do so would automatically result in the cancellation of your admission.

**Subject: Pre-acceptance to the Masters Programme in Computer Science of
Onkarappa Belludi Siddesh**

Dear Onkarappa Belludi Siddesh,

We are pleased to inform you that your application meets the requirements for admission to our graduate programme in Computer Science starting in academic year 2018-2019 .

Courses will start officially at the end of September 2018 and will be fully taught in English. The programme lasts two academic years. Students are expected to graduate by December 2020.

Tuition Fees

Currently, the tuition fee is 1,000 Euro/year, which can be paid in two instalments. Please check this webpage <http://en.uniroma1.it/study-us/degree-programmes/tuition-fees> in July 2018 for any possible changes.

Pre-enrolment Application Form for Non-EU Students

Enrolment at Sapienza University for non-EU applicants will be completed following fulfilment of the immigration requirements set by the Italian Embassy or Consulate in your country. This admission letter does **not substitute** the pre-enrolment application at the Italian Embassy or Consulate in your country of residence, which should be submitted approximately between **April and June 2018**. For further information, please consult: <http://en.uniroma1.it/study-us/undergraduate/admissions/second-cycle>.

Documents to be Provided on Arrival:

1. **A certified copy of your University degree translated into Italian, legalized and accompanied by the Declaration of Equal Value issued by the Italian Embassy or Consulate in the country where you have obtained your degree.**

Dr. Nirmla C R
M.Tech.(CS&E), Ph.D.
Professor and Head
Dept. of Computer Science & Engineering
Bapuji Institute of Engineering & Technology
DAVANGERE-577004. (Karnataka-India)

2. To be eligible for Italian higher education, it is mandatory to have a 12-year school diploma. Make sure your Declaration of Equal Value issued by the Italian Embassy or Consulate in the country states the number of years of school prior to university enrolment.
3. One certified copy and a simple photocopy of your academic transcript issued by your university organization, stating all the courses taken, translated into Italian, legalized by the Italian Embassy or Consulate in your country. A Diploma Supplement can substitute this requirement.
4. The Declaration of value is **not required in case you have a Diploma Supplement** for your BA/BSc. The Diploma Supplement must be issued in English (according to the EC, Europe Council and Unesco rules). The Diploma supplement is issued by universities in countries belonging to the European Higher Education Area.

Please note: if you are requesting the recognition of previous credits, please enclose the detailed syllabi for each course in your programme of study.

From July 15, 2018, you will have to register on the Infostud Portal <https://www.studenti.uniroma1.it/phoenixreg/#/> to generate a student number and pay the € 10 registration fee. Payments must be made before submitting your original documents to complete your application at the Admissions Office.

- For any enquiry on your admission, please contact:
settoretitolostraniero@uniroma1.it

When you arrive in Rome, you should immediately contact your Masters Programme Department at:
Via Salaria 113 - 00198, Roma

You are expected to be in Rome by mid-**September 2018** at the latest. Please inform us about your arrival date as soon as possible.

- Further information on planning your stay in Rome is available at:
<http://en.uniroma1.it/campus-life> or you can contact Hello Office:
hello@uniroma1.it

Sapienza will support the students in finding a suitable accommodation by various intermediary services for the whole duration of their scholarship. For further information please visit the following web page:

Your fees

Tuition fee 2017 £12600

The tuition fee for the 2017 academic year is set out above and is provided on the basis that you are an International student for fees purposes. If you are unsure or believe this is not the case please contact us as soon as possible for your fee status to be reassessed.

For further information about your tuition fees, including when they are due and the circumstances in which they may change for future years of your course please see the **Fees and Finance Policy** which is sent with this offer. If we anticipate there will be any additional course specific costs (for example, specialist equipment, art supplies, laboratory overalls or contributions to field trips) these will be highlighted in the **About your course** factsheet which is also sent with this offer.

Please note that graduates of a University of Hertfordshire undergraduate degree (either in the UK or at a partner institution overseas) and who are starting a new postgraduate taught course at the university will receive a 20% reduction of fees. This will be reflected in the fees invoice.

Accepting this offer

We very much hope you choose to study with us, so the next step will be to formally accept this offer.

By accepting this offer, you are entering into a legal contract to study with the University of Hertfordshire, subject to you fulfilling the conditions (if any) of the offer.

To accept this offer, you must either pay a deposit of **£5000** (which will be offset against your first year tuition fee) or provide us with satisfactory evidence that your fees will be paid by a sponsor. The final deadline for the payment of deposits or receipt of evidence of sponsorship is 24/11/2017. If we have not received either by this date, this offer will be deemed to have been withdrawn. Please refer to section 2.10 of the Fees and Finance Policy for details of how the deposit (which contains a non-refundable element) may be paid or the evidence of sponsorship provided.

If you accept this offer, we will acknowledge receipt as soon as reasonably possible.

There is more information about the contract in the **Key Facts** document sent with this letter, so do please read it carefully (as well as the other accompanying documents) before accepting our offer.

If on our part there are any conditions which have to be met before we can guarantee to run the course, these will also be set out in the **About your course** factsheet.

Changing your mind

You have a legal right to change your mind about accepting this offer within 14 days of doing so. Further information about this right, and how to exercise it, can be found in Section 23 of our **Key Facts** document sent with this offer.

We look forward to welcoming you to the University of Hertfordshire and wish you every success with your academic studies.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect®* option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

Kavya Onkarappa Sunanda**Most Recent Test Date: February 1, 2020**

Date of Birth: December 15, 1995

Registration Number: 6848737

Print Date: March 18, 2020

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Organizing Chairman, GATE 2017 on behalf of NCB-GATE, for MHRD

The GATE 2017 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this score card in GATE 2017

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

S_q = 350, is the score assigned to M_q

S_t = 900, is the score assigned to \bar{M}_t

In the GATE 2017 score formula, M_q is usually 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2017 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

(on behalf of NCB - GATE, for MoE)

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

Dr. Nirmala C R
M.Tech.(CS&E), Ph.D.,
Professor and Head
Dept. of Computer Science & Engineering
Bapuji Institute of Engineering & Technology
DAVANGERE-577004 (Karnataka-India)

Date of Birth: May 12, 1994

Registration Number: 5818813
Print Date: February 12, 2017

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Test Score

Listening 7.5

Reading 7.0

Speaking 7.5

The test taker has operational command of the language, thought with occasional inaccuracies, inappropriate usage and misunderstandings in some situations. They generally handle complex language well and understand detailed reasoning.

Advice to improve your score
Listen to current affairs and documentary programmes, or online talks, without pausing or repeating the recording. Try to remember as much as you can, including new words, main ideas, specific points, and their relationship to each other. Afterward, reconstruct what you've heard. How much are you able to reconstruct? Listen more and try to increase the amount that you can reconstruct. When speakers don't directly say what they mean, use strategies to guess their meaning. What are some of these strategies that you use in your own language? Use the same strategies to understand them in English.

Your result explained
Test takers at Band 7.5 can typically follow extended speech and understand detailed instructions to complete tasks, including some involving complex ideas. They can identify ideas, attitudes, opinions or purposes which are implied by the speaker but not directly stated. They can easily understand meaning, including references within and between sentences, without having to process individual words and structures. They can understand a wide range of vocabulary, including some idiomatic, technical, and academic language, even when the language and ideas are complex.

Test takers at Band 7 can typically deal with a variety of factual and opinion-based texts that may be complex and dense with information. They are very good at using their wide vocabulary knowledge to create meaning, both within and across sentences, on a range of general and specialised topics. They can follow an argument and distinguish between main ideas and supporting details, and are good at understanding attitude, opinion and implication. They are able to do this by using reading strategies such as skimming and scanning, and by synthesizing information and drawing inferences.

Test takers at this band can typically speak with ease, clearly and at length, although with some repetition, self-correction, or hesitation to search for words or grammar. Speaking is generally well-organised, and ideas are generally clear and well linked. They use a range of vocabulary to discuss a variety of topics, and can use some less common or idiomatic vocabulary, although not always accurately. They can paraphrase well if needed. They can use a range of grammar structures. Sentences are frequently accurate, although there are some errors. Pronunciation is generally natural and clear, but with occasional problems. They are usually easy to understand,

At this level, it is important to broaden the range of texts you read further. Continue to develop your awareness of how to read different types of texts differently. What features does that particular type of text typically have? How is information structured and arranged in such texts? Will it require making inferences? Will there be a summary somewhere? Use your knowledge of these and approach the reading task in an appropriate way. Where you want to know the overall argument or specific arguments, try to do this as efficiently as possible. As an exercise, try to find several opinion-based texts on the internet, and then determine the similarities and differences in their opinions and views.

Talk to other people about abstract and difficult current issues. Focus on delivering your ideas well in presentations and discussions, minimising hesitation as much as possible. Ask yourself: Am I arranging and conveying my thoughts in the best possible way? Am I using the best possible words and phrases that I know to express my ideas? How can I vary my delivery so that my ideas are understood better? Then work on those things you're not completely happy with yet. Continue reading and listening to natural English language materials and TV to note precise words and particularly effective ways of saying things.

Dear Ms. ANUSHA S G

This is a momentous period for us to welcome 2019-2021 batch of management students. We believe you have made the right choice and hope that your experience will be academically challenging and personally rewarding.

Over the years, an MBA has become the de facto entry qualification to join the professional workforce and MBA as a career decision, fosters excellent growth opportunities. No other degree offers the same kind of flexibility and versatility that an MBA degree does.

This course has better chances to meet new people, successful businessmen, entrepreneurs, and executives. I am convinced that MBA gives more skills than any other courses such as Leadership, Communication, Analytical, Interpersonal etc. You will be offered a holistic education, help you to understand the core values of a market, company, finance, laws, emotional intelligence, social and humanities.

I know that you will find great opportunities for personal development and achievement during your time at the Institute where, the entire learning process is focused on inculcating compassion to the realworld issues, along with the ability to become business leader and entrepreneur. In this endeavour, our focus is on identifying, nurturing and developing the Employability/ Entrepreneurial skills in you.

We know that you have a DREAM to accomplish. The dreams which are being nurtured for many years shall be realized in the next two years.

Once again Welcome to BIET-MBA Programme and wishing you an Excellent Academic Journey.

Sincerely,

Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Dear Mr. Bandaru,

Congratulations! You have been admitted to work toward the Cybersecurity program. UNT provides an exciting place to pursue your graduate education and we are committed to your success. At UNT you will find the education and support you need to realize your goals and expand your horizons.

You are now eligible to register during your upcoming enrollment period. Please visit your student portal at my.unt.edu for important information about enrollment dates, registration and class schedules. **International students must consult with the International Advising Office for Registration Clearance.**

Your Certificate of Eligibility (only for F-1 and J-1 visa holders) will be issued by International Student and Scholar Services. If you have any questions concerning this form, please contact International Student and Scholar Services at 940-565-2195 or email them at I20@unt.edu.

I look forward to having you as a graduate student at the University of North Texas and becoming a part of the excitement of discovering real solutions, creating new opportunities and making a difference in the world. At UNT, we expect you to pursue academic excellence in a rigorous, yet caring environment. This [Graduate Student Success Manual](#) is designed to provide a wealth of information to facilitate your smooth and successful transition to UNT. * A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this score card.

Organising Institute: Indian Institute of Technology Kharagpur

General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,
 M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard
 M_q is the qualifying marks for general category candidate in the paper
 M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
 $S_q = 350$, is the score assigned to M_q
 $S_t = 900$, is the score assigned to M_t

In the GATE 2022 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

- M is marks (out of 100) obtained by the candidate in the paper
- M_q is the qualifying marks for general category candidate in the paper
- \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
- $S_q = 350$, is the score assigned to M_q
- $S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \bar{M}_{ij} was computed using the formula

$$\bar{M}_{ij} = \frac{\bar{M}_t^i - M_q^i}{\bar{M}_{it} - M_{iq}^i} (M_{ij} - M_{iq}^i) + M_q^i$$

where

- M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session
- \bar{M}_t^i is the average marks of the top 0.1% of the candidates considering all sessions
- M_q^i is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions
- \bar{M}_{it} is the average marks of the top 0.1% of the candidates in the i^{th} session
- M_{iq}^i is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

Instructions:

1. Only candidates who have taken the Common Admission Test (CAT 2017) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2017. You will not receive score card by email or by post.
2. The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
3. Percentile refers to percentage of candidates who receive score less than or equal to the score obtained by the candidate.
4. IIMs and Non-IIM member institutions independently decide how to use CAT 2017 scores on the basis of their own selection process. The scores are to be used only for selecting the candidates to their Post Graduate / Fellow Programme(s) in Management
5. Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. Candidate's score will become null and void and he/she will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification will take place with retrospective effect.
6. All queries regarding post-CAT 2017 selection process must be directed to respective IIMs. CAT Centre will not answer post-CAT related queries.
7. CAT 2017 score is valid only until 31st December 2018 and subject to meeting the minimum eligibility marks in the qualifying examination.

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

- M is marks (out of 100) obtained by the candidate in the paper
- M_q is the qualifying marks for general category candidate in the paper
- \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (multi-session papers including all sessions)
- $S_q = 350$, is the score assigned to M_q
- $S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session is computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{it} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

- M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session
- \bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions
- M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions
- \bar{M}_{it} is the average marks of the top 0.1% of the candidates in the i^{th} session
- M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development, Government of India.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Congratulations on your acceptance to New Jersey Institute of Technology! The NJIT Student Health Services (SHS) at St. Michael's Primary and Specialty Care Center provides many services to ensure that you are healthy and successful during your academic career. Please visit our website at njit.edu/healthservices/. **For future reference, all correspondence from us will be sent to your NJIT email address.**

Health Insurance: All full-time students must have health insurance. You must waive the NJIT Student Health Plan if you have your own insurance. The site is njit.edu/healthinsurance

Form Completion and Return Deadline

All immunization forms should be completed and returned by **January 15 (spring admission) or July 15 (fall admission)**. Students admitted to the University after the deadline should return forms immediately.

Exemption: Distance learning (meaning, you never come to campus) students are exempt from the Immunization requirements. You must contact SHS if you receive this email so we can change your status.

Medical or Religious Exemption to Immunizations:

- Age is no longer a criterion for exemption.
- Exemption for required immunizations will be allowed
 - bona fide religious or medical grounds, with written statements from the student explaining the conflict with religious beliefs for a religious exemption
 - Medical exemption from a doctor explaining the medical contraindications.
- **In the event of a contagious outbreak, any student who has been exempted from immunization may not be allowed on campus.**

Required Immunizations – We require official NJIT forms (all Graduate, Undergraduate, Full-time and Part-time NJIT students): Please use forms from our website: njit.edu/healthservices/healthpacket/index.php. **We will not accept outdated forms.**

- **MMR - 2 Doses OR blood test results showing immunity to MMR (Students born before 1957 must have blood work to document immunity.**
- **Meningococcal Vaccination – required** for all undergraduate, graduate, and transfer students who are new to NJIT AND are new to University housing. **The CDC recommends a booster dose (additional) if it has been 5 years or more since your first 1st dose.**
- TB Skin Testing –
 - Required for all students and must be within 6 months of admission. If the skin test is not available, you can have the blood test (QuantiFERON Gold TB test)
 - If the test is positive, students must have a CXR and blood test to document no active disease.
 - The blood test is the QuantiFERON Gold TB test. Also, students should have documentation of drug treatment dates. The positive TB test form must be completed njit.edu/healthservices/docs/Positive_TB_test.pdf
- Hepatitis B - 3 dose series (or blood work showing immunity- Hepatitis B antibody, not antigen)
- Tdap (1 within past 10 years)
- TD (every 10 years)
- Varicella (Chicken Pox)- documentation of 2 doses of vaccine or blood work showing a positive IgG antibody titer.
- **Physical Examination: required for Fulltime Students:**
 - Physical form - njit.edu/healthservices/healthpacket/index.php
 - **The physical is not required if you are a part-time student. Just complete the Health Questionnaire**
- **PLEASE NOTE:**
 - You will **be unable** to receive a room assignment or key on move-in day if there is no proof of **meningococcal vaccination**.
 - Grades/transcripts will be withheld if the immunization requirement is not met in a timely fashion.

* Normalized marks for Civil Engineering (CE), Computer Science and Information Technology (CS) and Mechanical Engineering (ME) Papers.

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)
